

The fast, effective, and affordable way to learn, implement, and benefit from a Business Operating System

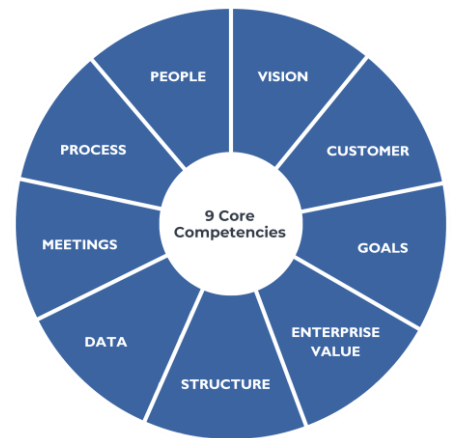

**BOS
-UP.
WORK**

Are you the owner of a **Startup** or **Small Company**? Do you want to optimize your best vision, productivity, and results? If yes, **BOS-UP®**, in partnership with **Ninety®**, can help. Together, through a cohesive blend of coaching and software, we empower business owners and leadership teams to build, run, and grow successful and resilient companies. We do so by helping you learn, implement, and benefit from an innovative, custom-tailored **Business Operating System (BOS)**.

Founded in 2016, Ninety is a venture-capital backed software company, with over 12,000+ customers, 300K+ users, in 45+ countries – with their own flagship business operating system, known as **90os™**. BOS-UP helps startups and small companies learn, develop, and apply the features and functions with 90os, along with the essential concepts, tools, and disciplines that it takes to run a great organization.

Reasons & Benefits with a BOS-UP + Ninety (90os) Solution:

- Clarify, validate, and harness the **9 Core Competencies™** that frame, guide, and generate high-trust accountability.
- Formalize a clear and concise vision and operating structure.
- Set, track & ensure realistic measurables (i.e., OKRs & KPIs).
- Keep everything under control, using shared goals and values.
- Define and streamline operations, performance, and processes.
- Establish and verify roles, accountabilities, and responsibilities.
- Maximize meeting effectiveness, communication, collaboration.
- Minimize distractions and issues, boost focus and productivity.
- Confidently manage and leverage a hybrid/virtual workplace.

The BOS-UP Programs

Starter: (1-day intensive workshop session)

Using our interactive Guidebook, you will learn the primary features, functions, and benefits with 90os - while simultaneously setting up and customizing your 90os account, so that you can use it immediately.

Builder: (3 full-day workshop sessions, over 3-6 weeks)

In partnership with your BOS-UP Coach, you will learn, develop, and implement a custom 90os solution – along with the essential concepts, tools, and disciplines needed to run, build, and grow a great company.

Scaler: (7 full-day workshop sessions, over 10-13 months)

Includes all of the elements from the Builder Program, as well as 2 full-day Quarterly Sessions, a 2-day Annual Session, and 1-1 business + executive coaching, skills development, and team building.

*Ninety (90os) is charged separately @ \$16 per-user/month, with free 30-day trial and no contract.

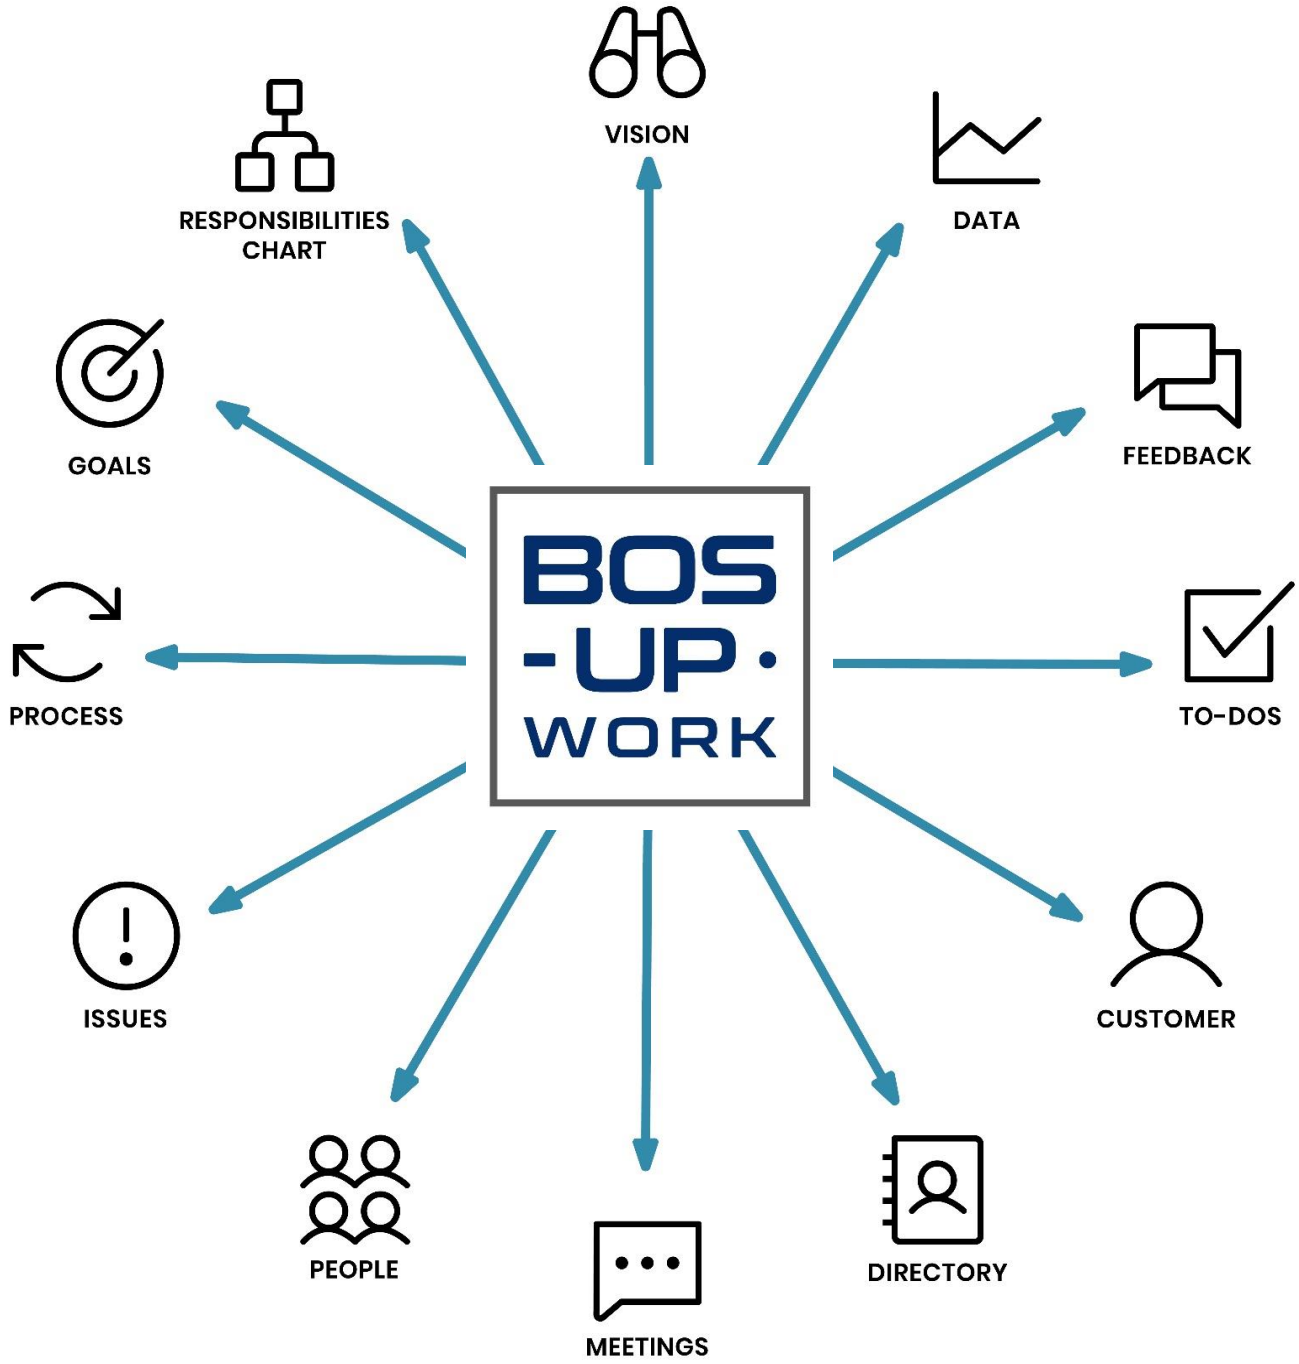

"Working with BOS-UP - and having them help us learn, develop, implement and leverage our 90os Business Operating System - is one of the best decisions I've made!"

Brody Ertel, Cyberian Technologies

If you are ready for the best way to learn, implement, and benefit from an innovative and custom-tailored Business Operating System (BOS) – and leverage the essential concepts, tools, and disciplines for building, running, and scaling a great company - BOS-UP is here to help you.
